

* **HOS-TOGEL**

- NO-SMELLS!

500gram jar. FOR PROFESSIONAL EXTERNAL USE - HOSPITAL STRENGTH. APPLICATIONS: Neutralizes the mal-odours of fungating or necrotic tissue. **USES:** Continence - Palliative Care - Oncology - Forensic - Mortuary - Funeral Vehicles - Laboratory etc. **DIRECTIONS:** Open & place on a shelf, near the source of the mal-odour, but away from draft. Two or more jars may be necessary for larger areas. Depending on area & air movement, the jar may last between 3 & 4 months. When the contents of the jar shrink to 10%, dispose of the jar & contents.

Shake the jar before opening, to ensure the contents are properly mixed.

For Hospital, Medical, Ostomy and Continence use only. Prepared & Packed for:

FUTURE ENVIRONMENTAL SERVICES.
